FEB Weights - Scale truck was down from 19th through 25th so I used weights from 1st thru 5th (weights would have been very high as weekend high temps were 63/69/47 and mostly sunny.)

APR Weights - As a result of extended breakdown (only 1 truck w/ scale), 4/11 thru 4/18 are estimates using weights from MTD and a multiplier that factors in volume growth (or decrease) from Q1 of '15 to Q1 of '16

JUN Weights - 6/10 = estimated weights using same numbers as following Friday (6/17).

AUG Weights - No weights from 8/22 thru 8/29 - scale truck breakdown. Generated weight estimates using averages from 8/1 thru 8/19.

SEPT Weights - No site-by-site weights for Friday 9/30 as scale truck was down.

OCT Weights - No site-by-site weights for 10/3 thru 10/4, 10/10 thru 10/12, 10/14, 10/26, 10/28 and 10/31 as scale truck was down.

NOV Weights - No site-by-site weights for parts of 11/4 and all of 11/7 thru 11/30.

DEC Weights - No site-by-site weights from 12/1, 12/2 and 12/5.
